

Cookies Policy

This website uses cookies, either own or third parties, in order to improve its services and its operation, as well as optimize the user experience. Therefore, we understand that, if you continue browsing or registering/installing the corresponding application or service and do not disable cookies, you agree to their use.

The purpose of this Policy is to help you understand the use that is made of cookies, the purpose of the cookies used, as well as the options available to you to manage them.

1. WHAT ARE COOKIES?

Cookies are files that are downloaded to the user's computer in order to collect data, which are essential for the proper functioning of the web pages or applications, providing advantages to the user, facilitating navigation and usability of them and that can be updated and recovered by the website responsible for its installation.

Cookies can only be read by the service or application that has issued them and in no case are executable files, may they be spread or contain a virus. Likewise, the own cookies used on this website, do not collect personal data of users (names, surnames, address, bank details or any other). In addition, in order to improve your privacy, it has proceeded to encode the IP address, keeping a record of them, so that, in this way, the information obtained through the cookie service used, is exclusively statistical and totally Anonymous.

In addition, this website uses the Google Analytics service, which will process the information of how the application and/or service is used, for the sole purpose of providing us with the reports of the activity of the same.

For more information, please refer to the Privacy Center for each of the analytical tools:

📄 Google Analytics: <https://policies.google.com/privacy?hl=en>

The information generated by the cookie about your use of the website will be directly transmitted and stored by Google. If you wish to deny permission for statistical processing of data or information with Google Analytics, you can safely disable this service. To do this, follow this link: <https://support.google.com/analytics/answer/181881?hl=es>

2. COOKIES TYPOLOGIES USED

The cookies used are:

1. Depending on the entity that manages them:

o **Own cookies:** These are cookies that are sent to the user's terminal equipment from a computer or domain managed by the application and from which the service requested by the user is provided.

o **Third-party cookies:** These cookies are sent to the user's terminal equipment from a computer or domain managed or not by the group, being a third party that processes the data obtained through cookies.

2. Depending on the period of time they remain activated on the terminal equipment:

o **Session Cookies:** These cookies are designed to collect and store data while the user accesses a website or application. They are used to store information that only interests to keep for the provision of the service requested by the user on a single occasion.

o **Persistent cookies:** These are cookies in which the data is still stored in the terminal that can be accessed and processed for a period defined by the group, and that can range from a few minutes to several years.

3. Depending on the purpose for which the data obtained through cookies are processed:

o **Technical Cookies:** These are those that allow the user to browse through a website, platform or application and use the different options or services that exist in it.

o **Personalization cookies:** These are those that allow the user to access the service with some predefined general characteristics, based on a series of criteria in the user's terminal (e.g. language, type of browser through which you access the service, the locale from where you access the service, etc.).

o **Analysis cookies:** These are those that allow the monitoring and analysis of the behavior of the users of the websites to which they are linked. The information collected through this type of cookies is used in the measurement of the activity of the websites, application or platform and for the elaboration of browsing profiles of the users of those sites, in order to introduce improvements depending on the analysis of usage data made by users of the service.

o **Advertising cookies:** These are those that allow the management, in the most efficient way possible, of the advertising spaces that, if applicable, have been included in a website, application or platform from which the requested service is provided, based on criteria such as edited content or the frequency at which ads are displayed. This website does not integrate cookies of **this type** within the web services provided to the user.

o **Behavioural advertising cookies:** These are those that allow the management, in the most efficient way possible, of the advertising spaces that, if applicable, have been included in a website, application or platform from which the service is provided Requested. These cookies store information about user behavior obtained through the continuous observation of their browsing habits, which allows to develop a specific profile to show advertising based on it. This website does not integrate cookies of **this type** within the web services provided to the user.

3. SETTING COOKIES

You can disable the use of cookies at any time through your browser's settings/settings, so that you can block, restrict, disable or delete the acceptance of cookies. However, we remind you that, in

in the event that you decide to change the cookie settings, the service provided through the different websites of the group could be partially or totally affected.

We provide you with links to the supports of the main web browsers on the market, where you can consult how to change the settings of cookies:

☞ Windows Internet Explorer:
